

Bureau of Land Management, Interior

§ 2720.3

officer does not give his consent to the applicant's request, the applicant may, within 60 days of such refusal, avail himself of the provisions of paragraph (d) of this section. Failure to deposit the required sum within the 60 day period shall void the application. All resource and economic data obtained from the approved exploratory program shall be supplied the authorized officer. The authorized officer shall supply that data needed for determination of the economic value of mineral resources to the Bureau of Land Management. The authorized officer relying upon those determinations shall determine the fair market value of the Federal mineral interests in the land covered by the application. If the authorized officer determines that the resource and economic data supplied from an approved exploratory program is not adequate to aid in determining the fair market value of the Federal mineral interests to be conveyed, he shall so notify the applicant and state what additional data is needed.

(f) Notwithstanding the provisions of the preceding paragraphs of this section, an application may be rejected without the applicant meeting the requirements of paragraph (b) of this section if the authorized officer determines from an examination of the application or of data readily available to him relating to the land concerned that the application does not meet the requirements of the Act.

§ 2720.2 Determination that an exploratory program is not required.

(a) In instances where available data indicate that there are no known mineral values in the land covered by the application, an exploratory program shall not be required.

(b) The authorized officer will not require an exploratory program to ascertain the presence of mineral values where the authorized officer determines that a reasonable person would not make exploration expenditures with expectations of deriving economic gain from the mineral production.

(c) The authorized officer will not require an exploratory program if the authorized officer determines that, for

the mineral interests covered by the application, sufficient information is available to determine their fair market value.

[44 FR 1342, Jan. 4, 1979, as amended at 60 FR 12711, Mar. 8, 1995]

§ 2720.3 Action upon determination of the fair market value of the mineral interests.

(a) Upon the authorized officer's determination that all of the requirements of the Act for conveyance of mineral interests have been met by the applicant and all actions necessary to determine the fair market value of the Federal mineral interests in land covered by the application have been completed, the authorized officer shall notify the applicant in writing of the fair market value of the Federal mineral interests, including the administrative costs involved in development of and issuance of conveyance documents, and give a full and complete statement of the costs incurred in reaching such determination including any sum due the United States or that may be expended from the deposit made by the applicant. If the administrative costs of determining the fair market value of the Federal mineral interests exceed the amount of the deposit required of the applicant under this subpart, he will be informed that he is required to pay the difference between the actual costs and the deposit. If the deposit exceeds the administrative costs of determining the fair market value of the Federal mineral interests, the applicant will be informed that he is entitled to a credit for or a refund of the excess. The notice must require the applicant to pay both the fair market value of the Federal mineral interests and the remaining administrative costs owed within 90 days after the date the authorized officer mails the notice. Failure to pay the required amount within the allotted time shall constitute a withdrawal of the application and the application will be dismissed and the case closed.

(b) The Bureau of Land Management will convey mineral rights on lands for which this part does not require an exploratory program upon payment by the applicant of fair market value for

§ 2720.4

those mineral interests and all administrative costs of processing the application to acquire the mineral rights.

[44 FR 1342, Jan. 4, 1979, as amended at 60 FR 12711, Mar. 8, 1995]

§ 2720.4 Issuance of document of conveyance.

Upon receipt of the payment required by § 2720.3 of this subpart, if any is required, the authorized officer shall issue the necessary document conveying to the applicant the mineral interests of the United States in the land covered by the application.

§ 2720.5 Appeals.

An applicant adversely affected by a decision of the authorized officer made pursuant to the provisions of this subpart shall have a right of appeal pursuant to part 4 of this title. Decisions of the authorized officer under this subpart shall be subject to reversal only if found to be arbitrary, capricious, and abuse of discretion or otherwise not in accordance with law.
